

EMPOWERING WOMEN

On the 11th of August 2018, the Corinthians Help Foundation held their first women empowerment program and it was a huge success to the glory of God. There were 51 participants which included widows, a widower, single mothers, some students in the tertiary institution, trustees, the training facilitators and others.

The purpose of the program, which is to empower mothers to improve their income generating capacity was fully achieved. The program kicked off with an opening remark given by the chairman of the foundation, Engineer Sobande. Immediately after, Deacons Adelore encouraged the widows and reminded them of the qualifying criteria for continuing support of the foundation. It was reiterated to them that their children retain a minimum of 60% overall academic performance. They were also admonished by one of our partners Deacons Ude on securing the continuous help of God. She charged them on the importance and gains of having absolute trust in God.

At the end of the training sessions, Mrs. Ibiyemi Okuneye one of the trustees took time to admonish all of our participants on the importance of ensuring that the skills acquired are deployed to facilitate income generation and not just taken for granted.

Overall, we are grateful to God for a successful event and the knowledge imparted on everyone present that would hopefully be used by them as a means of relief to their financial burdens.

The participants were trained in different vocational skills ranging from-

1. Making of household cleaning product (pesticides, disinfectants, airfreshner, herbicides, methylated spirit, bleach, germicide)
2. Catering (baking, puff-puff, donut and chinchin making)
3. Craft (bow ties, Ankara hair fascinators, fashionable hair cap, Ankara pencil/brush cup and fabric rose).

1. Chairman of the foundation, Engr. Sobande addressing the participants.

2. Dcons Lola Adelere reminding our widows and other mothers of the qualifying criteria for continuing support from the foundation
